## Soil Type, Wilting Point, Field Capacity, Saturation Point

Soil Type 25cm Underground	Loam >
----------------------------	--------

Wilting Point 30-50cm	7
-----------------------	---

Field Capacity 30-50cm	20
------------------------	----

Saturation Point 30-50cm	30
--------------------------	----

Soil Type 75cm Underground	Loam >
----------------------------	--------

Wilting Point 150cm	7
---------------------	---

Field Capacity 150cm	20
----------------------	----

Saturation Point 150cm	30
------------------------	----

Soil Type 75cm Underground	Loam >
----------------------------	--------

Wilting Point 100cm	7
---------------------	---

Field Capacity 100cm	20
----------------------	----

Saturation Point 100cm	30
------------------------	----

Soil Type 125cm Underground	Loam >
-----------------------------	--------

Wilting Point 150cm	7
---------------------	---

Field Capacity 150cm	20
----------------------	----

Saturation Point 150cm	30
------------------------	----
